March 29 - EASTER SUNDAY - "A Celebration of Life" - FAMILY SERVICE

Everyone - old and young - is invited to this family service, in which we will celebrate the wonderful arrival of spring and the renewal of life in all of nature, which rekindles our hope and commitment to a better life for all.

Every person is asked to bring a decorated hard-cooked egg to exchange with others. (We will have a few extra on hand, too.)

April 5 - "The Thing and I" - Betty Jallings

Bring your thing! Is there a picture, a poem, a song, a piece of sculpture, a pot, a plant, a puppet...some thing that turns you on? Bring your hobby or its symbol...or a sample to the service. We'll have a grown-up show and tell.

Coming next - A series of programs based on the familiar:

"Let beauty, truth and good be sung
Through every land, by every tongue."

What is beauty; how can we try to achieve some measure of it in our crowded lives? What is truth; do we really value it?

April 12 - "Urban Aesthetics and Cultural Crowding" - Dr. Barrie Greenbie

An expert in urban design and planning will present some of the complexities of trying to preserve aesthetic values in our cities.
