WHAT DO YOU THINK OF THE NEWSLETTER? DO YOU EVEN WANT IT?

Are you receiving the Prairie Society newsletter, and you don't want it?
Please let Elinor Loucks know, 271-6623.

Also, is there something about the newsletter you would like to see more of, less of, changed, rearranged? Please let Mark or Nancy McElreath know, 238-1692. This is your newsletter; it should meet your needs.

The deadline for news for the next newsletter is January 14.
DO-IT-YOURSELF CHECK-LIST OF PROFESSIONAL ACTIVITIES

The check-list below is offered purely to stimulate thought about the professional services the Prairie Society would like to have in the future. It is not a poll; the items included would certainly add up to a full-time minister, while some important role may have been omitted (inadvertently). In January we will be getting together to discuss our priorities for next year; a "dry-run" with this check-list might perhaps give you some practice.

Using numbers from 0 on through 1, 2, 3, 4 etc. mark opposite each item its priority for you. 1 equals top priority, 2 next-to-top, etc. Use 0 to mean "I would oppose this." (Use 0 as often as you wish.)
