## PRESIDENT'S COLUMN

We are in the process of re-negotiation of our mortgage loan with the bank, an every three year exercise. Three years ago, we benefited from a drop in interest rates and folded the window replacement into our loan with no increase in payment. This year interest rates have not dropped further, but the Housing and Property Committee tells us that it is time to replace our aging boiler. We will be folding that into the new mortgage. Fortunately, our Veach loan will be complete at the end of this year.

"What in the world is a Veach loan?" you might ask. That gets into some Prairie history. When we first purchased the building about 18 years ago, there was a special program through which money was available at low interest rates for the purchase of church buildings. This was made possible through an endowment fund known as the Veach fund and was administered by a UU church in New York. The fund was self-sustaining in that it loaned money which was ultimately repaid. My understanding is that since that time, management of the fund was taken over by the UUA. This is the mortgage that we are about to pay off. Later, when Prairie extensively remodeled the building, we took out a conventional mortgage through a local bank. It is this loan that is re-negotiated every three years. Naturally, including replacement of the boiler will raise our payment on this loan, but fortunately not as much as we have been paying all along to the Veach fund, so it will not have a major impact on our budget for 1998. It will be a bit of a stretch for the remainder of 1997, but can easily be covered by our reserves in savings. At least we will have a warm winter! Don't worry about the project to light the sidewalk at night. That is not being pushed aside.

Money for that will also be included and the Housing and Property Committee say it will be done this summer.

Thank Karen Gross, Rick Owens, Al Nettleton and Barbara Rames for all their hard work, as well as Rob Steinhofer for getting the bids for the boiler. Also thanks to Judy and Ken Skog for their work with the bank. Once again, many hands go into making Prairie work as an organization!

## PLEDGES OVER SUMMER

Many thanks to John Brian Paprock for his past two years of service to the Prairie community as the Director of Religious Education. Qualifications include experience working with children, parents and other adults; knowledge or interest in UU religious education, and leadership experience. Interested individuals should contact Anne Pryor, RE Chair, 244-7099 for further information, or Kate Heiber-Cobb, Prairie Administrator, 271-8218, for a written job description and application. The application deadline is June 30.

## **SUMMER CHILDCARE**

Childcare will be available during the summer for children in grades 3 and younger. Members of the Prairie Youth Group will be there each Sunday to be with the younger children.
